F3C0	F3C0-0008	Emulsifies dirt, pollutants, and environmental residues. Helps keep your plant at its Best!

F3C0	F3C0-0010	The product can be described as when our plant extracts are blended at specific time intervals, temperatures, and sequences, they lose their former characteristics. New particles are created; described as "colloidal micelles." They are so small (.000,000,001 cm) that they can only be seen through a powerful electron microscope. These micelles work on a sub-microscopic level. They are attracted to oil, grease, dirt, grime, pollutants, and other hydrocarbon molecules. Billions of the micelles surround individual dirt, oil, and pollutant molecules and separate (emulsify) them. Once separated, they can easily be wiped or rinsed away where they will naturally biodegrade.

LUSE	LUSE-0003	The sales of our products help sustain these cooperatives and support fair trade. Shea Butter is extracted from the nut of the shea tree indigenous to the Nile Basin in Central and Eastern Africa. Trade in shea butter dates back to Cleopatra's Egypt and shea has been used throughout Africa as a traditional remedy for thousands of years. Shea butter is sought after for its therapeutic properties and as a rich moisturizer for extremely dry and irritated skin. It is highly effective for treating many common skin conditions such as eczema, dermatitis, and rosecea in humans. Shea butter can also reduce wrinkles from photo-aging, improve skin complexion, and heal minor ailments such as sunburn, small wounds, and cracked skin.

P8Z5	P8Z5-0011	It is made from organic coconut, olive and jojoba oils, organic aloe vera, and a combination of natural and organic essential oils. Natural rosemary extract is the only preservative. This eco-friendly natural liquid soap product is extraordinarily mild, hypoallergenic, and free of petroleum or animal by-products. It meets all USDA Organic Food Standards. Our factory and products are certified by NOFA and Vermont Organic Farmers (VOF).
P8Z5	P8Z5-0010	In the past marketers have sold groomers two shampooing products as a method of increasing profits. Often mane and tail shampoo is either the same as body wash with a different label, or has a small percentage of additional conditioning ingredients. Our product is made to be used on the entire horse. This product will contribute to a glossy clean coat, and ease in combing flowing manes and tails.
P8Z5	P8Z5-0008	Because no chemical detergents, synthetic fragrances, colors, or antimicrobial preservatives are used in our product, the possibility of sensitivity reactions is greatly reduced. The natural essential oil blend also helps to repel fleas and ticks without poisoning your pet.

	EPFR	EPFR-0001	Aids in the decomposition of organic residues in soils - Aerates compacted soils - Improves nutrient availability - Helps to buffer harsh chemicals and degrade toxic compounds in soils.
	XRR6	XRR6-0001	If your lawn has a true thatch condition, you cannot alleviate it with hand raking, power raking or so-called "dethatching" machines. These will only skim the surface of the thatch layer. If you dig in any deeper, you will tear out the grass. The best way to reduce thatch is to get it to decompose. For this to occur, you need to create a healthy soil. That is well aerated and bioactive. Our product makes sure that the specific microbes necessary for thatch decomposition are present in your soil.
	M2RO	M2RO-0007	Effective under a wide range of conditions Treats and controls thatch layer in turf Helps minimize thatch related turf maintenance problems Accelerates the decomposition of thatch into nutrient rich humus

WWW3	WWW3-0003	Research has shown this microbial dethatcher to reduce thatch approximately 50% after three applications at 4 week intervals. Once thatch is broken down, this microbial dethatcher will also help prevent future thatch build up. If organic fertilizers are used instead of synthetic in conjunction with this lawn dethatcher, the need for mechanical dethatching is virtually eliminated.

Z3MO	Z3MO-0008	Leaf Extract, hand-filleted organic Aloe Vera and Neem oil comprise 85% of this therapeutic formula. *Soothes minor skin irritations, burns and insect bites. *Lightweight, non-greasy texture. *Antioxidant-rich and Paraben-free formula
Z3MO	Z3MO-0005	One primary advantage of Neem oil is its soothing, high fatty acid content making Neem oil especially gentle and nourishing when used for itchy, sensitive or dry skin conditions. Skin ailments, especially ongoing, chronic problems, often respond very well to Neem oil.
Z3MO	Z3MO-0007	In addition to a general skin brightening effect, there was also significant decrease in the color and size of skin discolorations or "age-spots." Especially formulated for sensitive skin and those who may not have been able to tolerate other natural and chemical fading creams.
SF96	SF96-0002	Wheat Protein and Soy Protein deliver lightweight liquid nourishment where needed to soften and soothe dry zones without weighing down T-zones. Konjac Powder soaks up sebum, and only sebum, and leaves no leftovers to shine a face up. Skin that's oily here, dry there feels fresher, smoother everywhere.
SF96	SF96-0006	Origins potent blend of UV protectors, including nature's own Titanium Dioxide, defray the rays. Vitamin E stops environmental no-goodniks. Skin runs smoothly sun up to sun down. And one whiff of the gung-ho Grapefruit aroma gives you a sense of can-do optimism.
U254	U254-0001	We do all of this without using animal ingredients or testing and as always, our products are made in the USA.

J995	J995-0003	We are dedicated to producing products from the finest quality natural ingredients. While we strive to use as many organic contents as possible, we will not fudge on percentages to make artificial organic content claims. Instead, we believe in full ingredient disclosure, and labels that accurately reflect the organic content of our products.
O357	O357-0010	If you have sensitive skin, you will love our 100% Natural Lotion. In addition to emu oil, it also contains oils from sunflowers, grape seeds, jojoba, grapefruit seeds, and sesame seeds. Our All Natural Lotion even contains rice bran to replenish your skin's natural glow. Its oil has been used for millennia to treat and heal the skin, from diseases such as eczema and psoriasis, to more common maladies such as dryness and wrinkles. Now you can experience the healing and soothing power of 100% pure emu oil with our Natural Lotion.
O357	O357-0016	Our oil cream contains 100% pure emu oil--a totally natural emu by-product, which goes through a state-of-the-art filtering process to remove impurities. Your skin will feel clean, smooth, and radiant with daily use of our oil cream.
O357	O357-0008	Both pure emu oil and burdock root seeds contain essential fatty acids to keep your body healthy and your skin firm. Wild Yam also lends moisture and, with emu oil, smoothes stretch marks and wrinkles. Our breast enhancement cream is a totally natural alternative to extreme measures such as surgery, and promotes the youth and lift of your skin.
O357	O357-0012	Whether you suffer from dry skin, arthritis, or get bruised up playing sports, our lotion is an excellent product to maintain the health of your skin, joints, and muscles. Emu oil composition is so close to that of human skin, it absorbs more deeply and quickly into your skin than other lotions--without leaving oily residue behind on the skin's surface.

O357	O357-0001	Unlike other lotions and skin remedies, our Salve uses the ancient ingredient of emu oil to heal skin maladies. Completely pure, and filtered to remove impurities, our natural salve absorbs into the skin rapidly for fast, effective relief of dry skin, minor cuts, and even joint aches.
O357	O357-0006	Carrying this lightweight, pocket or purse-sized bottle of triple-refined, pure emu oil is a convenient way to keep your skin healthy and radiant. Pure emu oil works wonders on wrinkles, dry skin, minor cuts and burns, and it has been proven to sooth joint pain. Emu oil composition is so close to that of your own skin, it absorbs incredibly fast and deeply into the dermis, which allows it to heal skin more quickly than other lotions or oils.
O357	O357-0007	We use pure emu oil, filtered to remove impurities, and formulate it into a gentle cream that works as an effective treatment for skin maladies, particularly psoriasis. Emu oil is naturally rife with moisture and carries with it organic anti-inflammatory properties. Its chemical composition is extremely close to that of your own skin, so it absorbs much more quickly than other lotions and creams.

JA32	JA32-0233	Most shave "creams" and "gels" are actually foam -- which is primarily air. Visualize a sharp blade scarping across your delicate skin with air as the main "lubricant." It tears your skin, creates little cuts and nicks that bleed, and leaves your skin looking and feeling rough. Our product has no air: It's an extremely rich cream (even more so than other similar/non-foam luxury shave creams). It contains unique, super-lubricating, highly-slippery molecules that have been compounded with powerful skin conditioners. Together, they make your blade glide smoothly over your skin astonishingly soft and smooth. I think you will find this is better than anything else you have ever used. Try it once to believe it. Enjoy it for life.

D1DA	D1DA-0001	The product is made from chitin, which is a naturally occurring biopolymer derived from recycled crustacean shells. It is the second most abundant natural polymer, second only to cellulose. The raw material is harvested from aquaculture operations (mainly shrimp and crawfish), and is recycled from seafood processing operations. Because it is a natural and sustainable material, it has much less impact on the environment than petrochemical-based synthetic polymers. This product has much lower aquatic toxicity than synthetic cationic polymers. Sludge residuals from clarifiers are non-hazardous and, because of high organic nitrogen content, have good fertilizer potential. It can be mixed into soil and will biodegrade in a matter of weeks, compared with synthetic polymers which biodegrade over a number of years.
