

Unique Features

Round 1

11/1/2006

Item	Manufacturer	Product	Product Description
Bedding, Bed Linens, and Towels	J69M	J69M-0001	The blanket is literally grown and sewn in America with the revolutionary corn-based fiber known as Ingeo.
Diesel Fuel Additives	KG89	KG89-0010	The most trusted name in biofuels. It offers dependability you must have with no engine retrofit.
	HP9P	HP9P-0007	It is safe for the environment, biodegradable and reduces air pollutants such as particulates, carbon m
	C7T2	C7T2-0002	
	J3TP	J3TP-0015	The product's Bio-based content is 95% as tested by Iowa State University using conventional radiocarbon analytical methods.
	J3TP	J3TP-0028	
Hydraulic Fluids (Mobile Equipment)	JY3G	JY3G-0048	
	JY3G	JY3G-0006	A unique product made from renewable PLANT-BASED raw materials and designed to meet the service requirements of farm and construction tractors and equipment.
	J7QA	J7QA-0001	A new formulation made with a vegetable oil blend designed for superior biodegradability when compared to conventional tractor hydraulic fluids.
	AJTK	AJTK-0023	
	KM73	KM73-0005	
	D6S7	D6S7-0002	
	D6S7	D6S7-0008	The only supplier of all types of water and anhydrous fire resistant hydraulic fluids, including water glycols, high water content fluids (HWCF), invert emulsions, polyol esters, phosphate esters, and vegetable oil-based fluids.
	D6S7	D6S7-0005	The only supplier of all types of water and anhydrous fire resistant hydraulic fluids, including water glycols, high water content fluids (HWCF), invert emulsions, polyol esters, phosphate esters, and vegetable oil-based fluids.
	D6S7	D6S7-0004	The only supplier of all types of water and anhydrous fire resistant hydraulic fluids, including water glycols, high water content fluids (HWCF), invert emulsions, polyol esters, phosphate esters, and vegetable oil-based fluids.
	D6S7	D6S7-0015	
	D6S7	D6S7-0007	
	AT1L	AT1L-0002	Minimizes environmental impact, offers excellent antiwear performance in a wide array of hydraulic components. Exhibits excellent thermal and oxidative properties and excellent seal compatibility.
	AT1L	AT1L-0003	Minimizes environmental impact, offers excellent antiwear performance in a wide array of hydraulic components. Exhibits excellent thermal and oxidative properties and excellent seal compatibility.
	RGWJ	RGWJ-0014	A universal tractor fluid that incorporates Stabilized* additive technology with biodegradable vegetable based stocks.
	C41O	C41O-0001	
J7A3	J7A3-0006		

Penetrating Lubricants	G944	G944-0017	
	DQJV	DQJV-0001	
	RGWJ	RGWJ-0006	It performs as a penetrant, but best of all, it is a multifunctional biobased product. BPL has exceptional benefits over petroleum oil because of its biodegradability when there is direct loss of lubricant into water, soil, or work environment.
	J3TP	J3TP-0009	The products bio-based content is 96% as tested by Iowa State University using conventional radiocarbon analytical methods.
	J7A3	J7A3-0001	
Roof Coatings	VDO4	VDO4-0001	There is no other product on the market that serves to rejuvenate installed asphalt roof shingles!
	H395	H395-0001	
	O9MM	O9MM-0008	The product is revolutionizing the industrial / commercial roofing market with agricultural oil based polymers that outperform petroleum based products.
	O9MM	O9MM-0007	The product is revolutionizing the industrial / commercial roofing market with agricultural oil based polymers that outperform petroleum based products.
	O9MM	O9MM-0005	
	O9MM	O9MM-0013	The product is revolutionizing the industrial / commercial roofing market with agricultural oil based polymers that outperform petroleum based products.
	QTHE	QTHE-0008	These products are true alternates for today's hydrocarbon based commercial roof deck membrane systems.
	LSL7	LSL7-0003	The product's high build, non-sag formula has excellent adhesion and flexibility, with built-in resistance to mold, mildew, rust and UV attack.
	LSL7	LSL7-0004	The product has outstanding strength, adhesion and flexibility, works and lasts where other coatings fail.
	Water Tank Coatings	QTHE	QTHE-0002
