

Industry Association Input

Round 2

5/23/2007

Item	Industry Association	Results
Adhesive and Mastic Removers	Adhesive and Sealants Council	Stated that he didn't know anything about mastic removers but does know that California put a VOC limit for Adhesive Removers
	American Solvents Council	Unavailable
	Association of the Wall and Ceiling Industry	Unavailable
	Biobased Manufacturers Association	No Input - This association no longer exists.
	United Soybean Board	Unavailable
Biodegradable Containers	American Institute of Food Distributors	Unavailable
	American Meat Institute	Unavailable
	American Plastics Council	Doesn't know of any issues
	Biobased Manufacturers Association	No Input - This association no longer exists.
	Contract Packaging Association	No Input
	Flexible Packaging Association	No Input
	National Corn Growers Association	No Input
	United Soybean Board	Unavailable
Women in Packaging Inc.	Instructed me to contact PLA Nature Works, the provider of biodegradable containers	
Biofluid Filled Transformers	American Public Power Association	Unavailable
	Independent Lubricant Manufacturers Association	No Input
	Institute of Electrical and Electronics Engineers (IEEE)	No Input
	Power Sources Manufacturers Association	No Input
	The Transformer Association	Unavailable
	Western Area Power Administration	No Input
Composite Panels	American Fiberboard Association	Stated that fiberboard must be made from 15% post-industrial waste. Fiberboard from wheat, straw, and corn has had problems finding a market, as well as manufacturing problems due to the wax coating on the plant that interferes with the adhesive used.
	Biobased Manufacturers Association	No Input - This association no longer exists.
	Composite Panel Association	No Input
	Composite Wood Council	No Input
	Mississippi Forestry Association	No Input
US Forest Service/USDA Forest Lab	Unavailable	
Fertilizers	Biobased Manufacturers Association	No Input - This association no longer exists.
	California Fertilizer Foundation	No Input
	International Fertilizer Development Center	Unavailable
	The Fertilizer Institute	All fertilizers on the market go through toxicity testing so all are safe for public use. Most fertilizers have no disposal issues.

	United Soybean Board	Unavailable
Graffiti and Grease Removers	American Solvents Council	Unavailable
	Association of the Wall and Ceiling Industry	Unavailable
	Biobased Manufacturers Association	No Input - This association no longer exists.
	National Restaurant Association	No Input
	United Soybean Board	Unavailable
Hand Cleaners/Sanitizers	Biobased Manufacturers Association	No Input - This association no longer exists.
	Centers for Disease Control and Prevention	No Input
	Federal Emergency Management Agency	No Input
	Hand Hygiene Resource Center	Unavailable
	Hospitals for a Healthy Environment	No Input
	National Association of School Nurses	No Input
	National Consumers League	No Input
	National Corn Growers Association	No Input
	United Soybean Board	Unavailable
Insulating Foam/Wall Construction	Association of the Wall and Ceiling Industry	Unavailable
	Cellulose Insulation Manufacturers Association	No Input
	Insulating Concrete Form Association	Most of the biobased insulation is made from polystyrene. Knows of some polyurethane ICFs, but he couldn't think of products, or issues. Stated that when soy is used to make insulation, it is very messy and sticky.
	Insulation Contractors Association of America	No Input
	National Insulation Association	No Input
	North American Insulation Manufacturers Association	No Input
	Polyisocyanurate Insulation Manufacturers Association	Unavailable
	Structural Insulated Panel Association	No Input
	United Soybean Board	Unavailable
Metalworking Fluids	ASM International	Doesn't work with biobased fluids and doesn't know of any issues
	Biobased Manufacturers Association	No Input - This association no longer exists.
	Independent Lubricant Manufacturers Association	No Input
	National Defense Industrial Association	No Input
	National Fluid Power Association	No Input
	National Lubricating Grease Institute	No Input
	United Soybean Board	

Sorbents	National Corn Growers Association	No Input
	Spill Control Association of America	No Input
