

**CSPA Cleaning Products Division Test Methods Compendium Standards**

Round 5

3/6/2007

Item	Standard	Organization	Standard Title	Type
Chain and Cable Lubricants	No results			
Corrosion Preventatives	No results			
Food Cleaners	No results			
Forming Lubricants	No results			
Gear Lubricants	No results			
General Purpose Household Cleaners	ASTM C756-87 (1999)	American Society for Testing and Materials	Method for Cleanability of Surface Finishes	Hard Surface Cleaners
	ASTM D1308-02e1	American Society for Testing and Materials	Method for Effect of Household Chemicals on Clear and Pigmented Organic Finishes	Hard Surface Cleaners
	ASTM D3450-00 (2005)	American Society for Testing and Materials	Method for Washability Properties of Interior Architectural Coatings	Hard Surface Cleaners
	ASTM D2486-05	American Society for Testing and Materials	Methods for Scrub Resistance of Wall Paints	Hard Surface Cleaners
	ASTM D2248-01a	American Society for Testing and Materials	Practice for Detergent Resistance of Organic Finishes	Hard Surface Cleaners
	CSPA DCC15-89 (2003)	Consumer Specialty Products Association	Guidelines for Measuring Degree of Surface Abrasion by Abrasive Cleaners	Hard Surface Cleaners
Industrial Cleaners	ASTM C756-87 (1999)	American Society for Testing and Materials	Method for Cleanability of Surface Finishes	Hard Surface Cleaners
	ASTM D1308-02e1	American Society for Testing and Materials	Method for Effect of Household Chemicals on Clear and Pigmented Organic Finishes	Hard Surface Cleaners
	ASTM D3450-00 (2005)	American Society for Testing and Materials	Method for Washability Properties of Interior Architectural Coatings	Hard Surface Cleaners
	ASTM D2486-05	American Society for Testing and Materials	Methods for Scrub Resistance of Wall Paints	Hard Surface Cleaners
	ASTM D2248-01a	American Society for Testing and Materials	Practice for Detergent Resistance of Organic Finishes	Hard Surface Cleaners
	CSPA DCC15-89 (2003)	Consumer Specialty Products Association	Guidelines for Measuring Degree of Surface Abrasion by Abrasive Cleaners	Hard Surface Cleaners
Multipurpose Cleaners	ASTM C756-87 (1999)	American Society for Testing and Materials	Method for Cleanability of Surface Finishes	Hard Surface Cleaners
	ASTM D1308-02e1	American Society for Testing and Materials	Method for Effect of Household Chemicals on Clear and Pigmented Organic Finishes	Hard Surface Cleaners
	ASTM D3450-00 (2005)	American Society for Testing and Materials	Method for Washability Properties of Interior Architectural Coatings	Hard Surface Cleaners
	ASTM D2486-05	American Society for Testing and Materials	Methods for Scrub Resistance of Wall Paints	Hard Surface Cleaners

	ASTM D2248-01a	American Society for Testing and Materials	Practice for Detergent Resistance of Organic Finishes	Hard Surface Cleaners
	CSPA DCC15-89 (2003)	Consumer Specialty Products Association	Guidelines for Measuring Degree of Surface Abrasion by Abrasive Cleaners	Hard Surface Cleaners
	AHAM Bulletin	Association of Home Appliance Manufacturers	How to Identify Appliance Finishes	Hard Surface Cleaners
Parts Wash Solutions	No results
